DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) The invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. **Claims 1-5, 11 and 12 are rejected** under 35 U.S.C. 102(b) as being anticipated by US Pat No 5,387,016 to Joseph et al (Joseph).

Joseph discloses a hose coupling comprising a hose, an outer sleeve having a plurality of depressions therein, an inner sleeve having at least one projection, and a reinforcing ring (28) situated within the inner diameter of the inner sleeve. The ring is positioned concentrically between the plurality of depressions (i.e., a portion of the ring is positioned between the plurality of depressions) of the outer sleeve such that the reinforcing ring resists deformation of the inner sleeve.

Allowable Subject Matter

3. **Claims 6-10 are allowed.**

The prior art fails to disclose a hose coupling in which the inner sleeve is provided with a groove in which a reinforcing ring is positioned therein.

Response to Arguments

4. Applicant's arguments filed on September 3, 2002 have been fully considered but they are not persuasive.

Art Unit: 3677

Joseph discloses the invention as claimed. The reinforced "ring" or liner (28) gives support to the inner sleeve. Also, as seen on Figure 3 shows, the reinforcing "ring" or liner is disposed within the depressions (26).

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

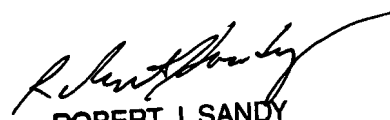

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
